2014, what a season! We had so much fun and such great successes. One of the season's most spectacular successes was the Spring Bear Hunt of Fernando from Mexico City and his sons, Fernando Jr and Alejandro. Three seven-foot Boars in one hunt, all with Guide Super Mike.

Mike and his hunters did it again. Readers of our newsletters might remember that Mike (*top left*) guided two Seven-footers for two Brothers in Spring of 2011. Way to go, boys! Three more entries for the Omineca Record Book. **The photos on the following four pages capture some of our 2014 highlights.**

Coming to the call, Mike and Mark watched the Bull thrashing in the bushes for almost 30 minutes.3/4) Jon from Arizona took this super non-typical Bull with droptines off the eyeguards.
