Canada Moose, Black Bear and Wolf Hunting in North Central, British Columbia, Canada

Fall 2018

Buck's Wild Ride

2018 was great season full of some wild adventures. One of our first fall hunters was **Buck from the Bay Area of California** on his first BC Hunt in Omineca.

We saw so many moose in the the first few days of the hunt that it was hard to know where to look and what to shoot. On the third day a nice Bull gave Buck a chance and he took it (1) . The bull actually had a little more fight in him than we thought, even after the kill. The story is too long and crazy to get into here. Suffice it to say, it was a wild ride and all ended happily. I'll have to tell you the story sometime. Buck's probably told it a few times already. A few days later he took a fine Black Bear (2) that was feeding on huckleberries. (3) Out for a misty morning hunt , "C'mon Bull"

Dick & Mark Return

Fall 2018

This Season **Mark (1)** and his father **Dick (2)** returned for another rut hunt. In 2014 we had a great hunt with the guys. The 2014 successes included **Mark's big Blue Lake Bull (1)** and **Dick's Black Bear (3)** both guided by Mike. Then on the morning of departure, **Dick killed his first Omineca Bull (2)** guided by your humble Outfitter.

In 2018 Dick and Mark returned and we went at it again. The guys hunted hard and saw a lot of action. And Dick ended up taking this nice Bull at Blue Lake **(4)** a few hundred yards away from where his son, Mark killed his 2014 Bull. The guys had to leave early but left happy. So were we.

Glen Does It Again

Fall 2018

In 2017 Glen and his son Conor joined us for a Spring Bear Hunt and took this beautiful brown-phase Bear (1). In Fall 2018 Glen and his wife, returned for a Moose Hunt. On the first evening we watched and listened in amazement as multiple Cows ran around calling in full rut as multiple Bulls, broke, rattled and fought out of sight. No chance for a shot that night but 3 days later Glen took his fine young Bull (2).
