Spring
2018

Brit's
1st BC Bear

Spring 2018 started with the return of Matt G. From Bellingham, WA and a group of hunters. We've had some good fun and great hunts with Matt, his family and friends over the years. In 2018, along with a crew of hunting buddies **Matt also brought his daughter, Britney**. During the hunt we had some great parties, did some trout fishing and hunted hard. While out hunting we saw many bears, as well as moose, lynx, coyote and wolverine. And had great success. **Every hunter, including Britney got their bear**. We're looking forward to Matt's return in the coming seasons. **1) Proud Dad, Matt and Britney 2) Sometimes Bear Hunting ain't easy but when Brit got her chance she killed good 3) Tracking Grizzly**

It was hard to keep track of all the Black Bears we saw during Spring 2018 but it was alot, Plenty of Bears. Here's just a few of them. **1)** Kenny from Lummi Island, WA with his first BC Black Bear. **2)** Mud Lake has become a hot spot for big bears and that's where Ben W. from Wyoming killed this Big Boar. **3)** Pictured here: Dan is taking snapshot of his buddy Frank C and his Big Boar. **4)** Scott M. From Idaho was with Matt's Group and he looks pretty happy about getting his Bear.

Trophy Gallery

In 2017, Jarla (3) came on a Spring Bear Hunt with her dad, Gary (1) brother Bob and friend Tim. As four hunters, they took six bears in 7 days. Jarla is a taxidermist and she did up all six trophies (5). Gary's seven footer was done as a nice full standing mount (2) and the other five as rug mounts. Usually Black Bear rug mounts are finished with a border of double black felt. Sometimes you'll see them with an inner brown border and sometimes in red. But I've never seen a yellow inner border used. Jarla did her big brown-phase Boar (4) with yellow and it really looks cool.

Summer Bounty

3) Jeff D. from Calgary with a chunky Rainbow.
4) Jeff's son Logan with trout bound for the smoker

In between our Spring and Fall Hunts, we keep busy with Summer Trips. Fishing, mushroom and berry picking are just some of the fun we get into. 1) After a wildfire on the edge of the territory in 2018, Spring 2019 became boon for **morel mushrooms**. Mushroom hunting is great because once you've spotted your quarry, it can't escape. 2) **Jill and Frank** with a beautiful Blonde.

5) & 6) Every summer we host a weekend for **Big Brother Big Sisters** from the local chapter. We enjoy the weekend as much as the Bigs and Littles do. **And along with fishing and campfire cookouts, we like to go huckleberry picking.**
